

## **Generating Reports from MyMajors**

To begin the assessment click on “I’m new” on the homepage.  
Register with your own unique e-mail address and password (not the access code).

Complete the assessment. This should take you roughly 12-16 minutes.

Once you have completed the assessment, it suggests 5 majors.  
On the page with the 5 recommended majors, click the button at the bottom that says  
“Generate advisement report.”

Click on “I have an access code.”  
Then enter the access code SNC09 (upper case SNC, zero, nine)

Wait for your report to appear. This may take several seconds.

In the upper-left corner, click the link “click to print this report.”

Also to give you a sense of the reference information that is available via the tool, I recommend that you also explore the “major information pages” tab from the navigation bar at the top of the home page.
