* - Most students should take ENGL 305 after at least two or three literature courses, no sooner than the second semester of sophomore year (junior year may work best).

** - Major author options include ENGL 325, 334, or 339. Students should take the major author course during their sophomore or junior year.

*** - Students must fulfill General Education Area 7 by a foreign language course at least through the 102 level.

**** - The arrangement of courses for the English major offers considerable flexibility; students should consult their advisor to discuss suitable options.

This paradigm presents a reasonable plan.

Elective/Minor courses can be used to take additional major courses, free electives, or to fulfill a minor.
