

ACCOUNTING Graduate Survey Results

Overview of Data

Each year the Office of Career and Professional Development surveys new graduates about their post-graduation pursuits to learn whether they have secured employment, are attending graduate school, or are full-time volunteering. Graduate data is gathered through online surveys, college records, and LinkedIn. Tables below include information for the classes of 2011, 2012, 2013, 2014, 2015, and 2016.

Accounting Graduate Survey Data

The results below are specific to graduates who indicated they were accounting majors when replying to the surveys. (Note: the numbers might not add up because not all respondents completed all survey questions)
