

ECONOMICS Graduate Survey Data

Overview of Data

Each year the Office of Career & Professional Development surveys new graduates about their post-graduation pursuits to learn whether they have secured employment, are attending graduate school, or are full-time volunteering. Graduate data is gathered through online surveys, college records, and LinkedIn. Tables below include information for the classes of 2011, 2012 and 2013.

Economics Graduate Survey Data

The results below are specific to graduates who indicated they were economic majors when replying to the surveys.

(Note: The numbers might not add up because not all respondents completed all survey questions)

Grad Year	# of Graduates	# Grads with Data	# Employed	# Attending Grad School	Average Salary
2016	21	19	15	4	\$40,001-\$50,000
2015	22	17	15	2	\$45,001-\$55,000
2014	6	4	4	0	\$30,001-\$40,000
2013	7	8	5	3	\$40,001-\$50,000
2012	7	4	3	1	\$50,001-\$60,000
2010	18	5	0	4	\$35,001-\$40,000
