

ENVIRONMENTAL SCIENCE
Graduate Survey Data

Overview of Data

Each year Career Services surveys new graduates about their post-graduation pursuits to learn whether they have secured employment, are attending graduate school, or are full-time volunteering. Graduate data is gathered through online surveys, college records, and LinkedIn. Tables below include information for the classes of 2011 - 2015.

Natural/Environmental Science Graduate Survey Data

The results below are specific to graduates who indicated they were natural/environmental science majors when replying to the surveys.

(Note: the numbers might not add up because not all respondents completed all survey questions)

Grad Year	# of Graduates	# responded	# Employed	# Attending Grad School	Average Salary
2015	4	4	3	1	\$35,001-\$45,000
2014	5	4	4	0	\$35,001-\$45,000
2013	2	1	1	0	N/A
2012	2	1	1	0	\$20,001-\$30,000
2011	2	0	0	0	N/A

Natural/Environmental Science Employment Data

Below is a sample of employers and position titles as reported by SNC graduates.

Job Title	Employer	Location of Employers
Administrative Services – Team Lead	Ameriprise Auto & Home Insurance	Wisconsin
Assistant Environmental Scientist	Carver County	Minnesota
Graduate Student Researcher	Conservation International	Illinois
