

GEOLOGY Graduate Survey data

Overview of Data

Each year the Office of Career & Professional Development surveys new graduates about their post-graduation pursuits to learn whether they have secured employment, are attending graduate school, or are full-time volunteering. Graduate data is gathered through online surveys, college records, and LinkedIn. Tables below include information for the classes of 2011, 2012 and 2013.

Geology Graduate Survey Data

The below results are specific to graduates who indicated they were geology majors when replying to the surveys.

(Note: the numbers might not add up because not all respondents completed all survey questions)

Grad Year	# of Graduates	# Grads with Data	# Employed	# Attending Grad School	Average Salary
2016	6	5	4	0	\$25,000-\$30,000
2015	8	6	3	2	N/A
2014	1	1	1	0	N/A
2013	2	1	0	1	N/A
2012	2	1	0	1	N/A
2011	6	1	0	1	N/A

Geology Employment Data

Below is a sample of employers and position titles as reported by SNC graduates.

Job Title	Employer	Location of Employers
Laborer	Hoss Tree Service and Nursery	Illinois

Geology Graduate School Data

Below is a sample of graduate schools and programs as reported by SNC graduates.

Programs	Universities
Hydrogeology	Illinois State University
Geology, Geography and Planning	Missouri State University
Geology and Environmental Geosciences	Northern Illinois University
Geosciences	UW Madison
