

## SOCIOLOGY Graduate Survey Data

### Overview of Data

Each year the Office of Career & Professional Development surveys new graduates about their post-graduation pursuits to learn whether they have secured employment, are attending graduate school, or are full-time volunteering. Graduate data is gathered through online surveys, college records, and LinkedIn. Tables below include information for the classes of 2011, 2012, 2013, 2014, 2015, and 2016.

### Sociology Graduate Survey Data

The below results are specific to graduates who indicated they were sociology majors when replying to the surveys.

(Note: the numbers might not add up because not all respondents completed all survey questions)
