Office of Faculty Development & Office of the Dean of the College

*invite you to attend a special*  
**Spotlight On Scholarship**

*A discussion of scholarship and creative works  
at St. Norbert College*

**In preparation of the discussion, faculty are asked to read the Faculty Handbook located at J:\FACULTY HANDBOOK\Section IV Procedures & Information August 2009.doc, page IV-7, 3. A Definition of Scholarship at SNC.**

Due to limited space, RSVP to Gayle Lenz (x3860) if you plan to attend.  
If RSVPs exceed room capacity a different location will be arranged.

Our plan for this discussion is as follows:

- ▶ To initiate a faculty-wide discussion of what our current governance documents specify about our definition of scholarship and creative works and what our research expectations of faculty are;
- ▶ To then, as a faculty, formulate motions for faculty consideration to further clarify and, if deemed necessary, revise statements about expectations for scholarship and creative works at St. Norbert College;
- ▶ This discussion will begin an ongoing conversation which will continue at the Faculty Development Conference on Scholarship to be held on Wednesday August 25, 2010. More details on that will be forthcoming.

Please RSVP to Gayle Lenz (x3860) if you plan to attend so that appropriate arrangements can be made.
