2015 – 2016 Confirmation of Change in Student Cash, Savings, and Checking Account Balances

Student Name ___________________________ Student ID Number ___________________________

Our office received a revised FASFA which shows that you updated the value of your student cash, savings and checking account balances on the FAFSA. When you submit the FAFSA for the first time each year, you and your parent(s) must report the value of your assets as they are on that day. Assets cannot be updated at a later date (even if they change or fluctuate), unless they were inaccurately reported on your initial FAFSA application. Therefore, please complete the following question(s) and return this form by mail, fax or email to:

STUDENT CASH SAVINGS AND CHECKING ACCOUNT VALUE:

1. Student cash, savings and checking account value:
   - [ ] Were correctly reported on my original 2015 – 2016 FAFSA application and should not have been updated. Please update my FASFA to reflect the value of my student cash, savings and checking account balances reported on my initial FAFSA application.
   - [ ] Were incorrectly reported on my original 2015 – 2016 FAFSA application. Therefore, I updated my FAFSA to reflect the correct value of my student cash, savings and checking account balances that should have been reported on the date I first completed my 2015 – 2016 FAFSA. Please explain (i.e. erroneously included added an extra zero, etc.):
