2015 – 2016 Student Confirmation of Taxable Grant/Scholarship Aid

Student Name __________________________________________ Student ID Number _________________________________________

Our office received your submitted FASFA which shows that you were required to report grant/scholarship aid that you received in 2014 as taxable income on your federal tax return. A dollar figure was reported for the following question on the FAFSA.

Question #44d: Enter the amount of your taxable student grant and scholarship aid reported to the IRS in your adjusted gross income. Includes AmeriCorp benefits (benefits, living allowances and interest accrual payments), as well as grant and scholarship portions of fellowships and assistantships.

Many students report a dollar figure for this question in error. Therefore, we would like to confirm that you received grant/scholarship aid in 2014 and were required to report this financial aid as income on your tax return. This typically occurs when the grant/scholarship aid received is in excess of tuition, fees and course related expenses, such as books and supplies.

Please check one of the boxes below, sign and return this form by mail, fax or email to St. Norbert College Office of Financial Aid.

**QUESTION #44D:**

☐ I was required to report grant/scholarship aid received in 2014 as income on my federal tax return. I am enclosing documentation that supports this fact.

☐ I did not receive grant/scholarship aid that I was required to report as taxable income on my federal tax return. Please update this question on my FAFSA to $0.
