

WELCOME TO ST. NORBERT COLLEGE

MOVE-IN INFORMATION

Please follow the directions below regarding the move-in process:

- Proceed to the appropriate line of cars (designated by residence hall).
- Stay with your car at all times. This will prohibit cars from being backed up.
- Once you are released from the parking lot, drive directly to your residence hall.
- Find the first available parking space and unload the contents of your car onto the grass or sidewalk.
- The WONDERFUL FYE MENTORS (wearing bright green t-shirts) are available to assist you in this unloading process.
- Have someone, or an FYE Mentor, stay with your belongings. Please MOVE your car as soon as you are unloaded.
- Do NOT leave your car to move your belongings into the hall. Parking space is at a premium during the 8:00 am – 1:00 pm load-in time and your assistance in continuing the flow is greatly appreciated.
- Cars may be parked in either the Schuldes South lot off Third Street and Stewart Street (P-9), the Bemis International Center lot on Grant Street (P-14), the College Ave lot (P-11) or Schuldes (P-7 & 8).
- A campus map, with parking lot names/numbers is located at <http://www.snc.edu/communications/aboutsnc/images/directions/campusmap.pdf>.
- When your car has been moved, then start moving into your residence hall.
- If you have a pre-purchased loft, you may pick up the loft in two different campus locations. If you will be living on the south side of campus, Sensenbrenner and Burke for example, you may pick up your lofts in the Victor McCormick Hall (VMC) parking lot which is P5 on the map. If you will be living on the north side of campus, Madelaine/Lorraine and Bergstrom for example, you may pick up your lofts in the Madelaine/Lorraine parking lot which is P3 on the map. You do not need your car to bring the loft to the residence hall, you'll be able to carry it.
- If you should need emergency assistance at any time during the move-in process, please contact the Security Officers who will be located throughout campus or call 920-403-3260.
- Be prepared to fill out paperwork once you check into the residence hall. You will receive the keys to your room at check-in.

Place this sheet in the dashboard of your vehicle when released from the parking lot.
