

## Loft Possibilities for Each Hall

Each residence hall has different possibilities for loft setup because each room is designed differently.

### **Bergstrom:**

- L style
- Bunk style

### **Burke:**

All floors [except 1<sup>st</sup>] have lofts that are provided for students free of charge. Due to the structure of the building, some rooms cannot have both beds lofted.

### **Madelaine/Lorraine:**

- Modified L style (the modified L costs the same as a regular L loft, but receives a separate support post due to the structure of the room)
- Bunk style

### **Sensenbrenner:**

- Two single lofts
- Bunk style

### **MMM:**

- Two single lofts
- L style (blocks half of the closet)

### **VMC:**

- Bunk style
- L style (Two L styled lofts work in VMC rooms)
