Always refer to the plan document for specific benefit coverage or call the toll-free member phone number on the back of your health plan ID card.
 UMRR Decision Support Tools ...

Here’s a quick overview of each of the UMR Decision Support Tools available to you:

**myHealthcare Cost Estimator (myHCE)**
myHCE is your window to better cost transparency and quality care. It allows you to research treatment options and learn about the recommended care and estimated costs associated with your selected treatment option. Care paths show you all the steps typically involved in the treatment, from the first consult to the last follow-up visit. You can get a custom estimate based on your plan details, location and selected medical provider and facilities. You can also access quality and efficiency measurements for participating providers.

**Health Plan Cost Estimator**
This tool is the first step to better health plan comparison shopping. It’s perfect for making pre-enrollment plan decisions. The Health Plan Cost Estimator helps you compare plan estimates based on information specific to your financial and health needs. Integrated calculators can even determine how much money you should set aside in special accounts, such as a flexible spending account (FSA) or health savings account (HSA).

**Easy-to-understand, continually updated health topics, illustrations and videos**

**Health Education Library**
The Health Education Library provides the keys to better health information in a variety of ways. There are articles, images and videos on diseases, conditions, symptoms, medications, injuries, surgeries, procedures and preventive health tips.

This wealth of health knowledge comes in a variety of forms, including:

- **A.D.A.M. Health Multimedia Encyclopedia:** An online site with articles, videos and illustrations related to a variety of health topics.
- **Care Guides:** Provides illustrations, videos and articles with information on chronic conditions and preventive care topics.
- **DrugNotes:** A list of brand name and generic drugs. You can get detailed drug summaries, usage instructions and side effect information.
- **Drug Interactions:** Find information on brand name and generic drug interactions with food, alcohol, tobacco, alternative medicines and other drugs.
- **Symptom Navigator:** Click on an area of the body or choose from a list of symptoms for quick and easy answers to your health concerns.

**How do I get started?**
You can begin using the UMR Decision Support Tools right away by visiting www.umr.com and logging into your member portal.

**Stay informed**
Remember to put these powerful online tools to use to help you make informed health care decisions. For more information, please call the customer service number on the back of your UMR ID card.
