

Degree Candidates and Commencement Participants

Office of the Registrar

Students qualify for Graduation/Commencement Participation by indicating their anticipated graduation date on the Declare Your Major/Minor Form located on the Registrar's Office website. A student with an anticipated graduation date is reviewed to make sure they will have completed the required number of credits, assuming a normal credit load, by the time of Commencement. If a degree audit subsequently indicates a non-completed graduation requirement exists, a student may be removed from the Candidate/Commencement Participation list. Students who plan to complete their degree in Summer or Fall may petition to be allowed to participate in May Commencement. Participation Petitions are available on the Registrar's Office main website. Petitions for early participation must be received by Feb. 1 of each year. Petitions received during the Fall are not acted on until after the receipt of Fall grades.

Hometowns and Honors are not posted for May graduates until after Cap and Gown ordering in February.

Commencement Participation List

Candidates are listed alphabetically by degree: Masters candidates, then Bachelors of Arts, Business Administration, Music, and Science as their names, hometowns, and honors will be listed in the Commencement Program. Graduation Honors are established after Fall grades and are subject to change. Cum Laude 3.50-3.74, Magna Cum Laude 3.75-3.89, Summa Cum Laude 3.90-4.00. Candidates have either qualified or petitioned for Commencement participation.
