Configuring Your Web Browser to Allow Pop-up Windows

Most web browsers include a feature to block pop-up windows. While this may eliminate unwanted or bothersome pop-up windows, the feature sometimes can impede the functionality of legitimate or useful websites.

Follow the instructions below to configure your web browser to allow pop-ups:

- **Apple Safari 5.x/6.x/7.x** (OS X)
- **Google Chrome .current** (Windows/OS X)
- **Mozilla Firefox .current** (Windows/OS X)
- **Microsoft Internet Explorer 8.0** (Windows 7)
- **I-Pad Safari 6.x/7.x/8.x** (OS X)

Note: If you have installed third party applications to block pop-ups (examples include the Google, MSN, and Yahoo! toolbars), be sure to consult the vendor documentation to allow pop-up windows for desired websites.

### Safari 5.x/6.x/7.x (OS X)

Safari for OS X has no per-website control over blocking pop-ups windows. Pop-ups are either blocked, or they are not. To allow pop-ups:

**Safari 5.x**

1. From the Safari menu, ensure the **Block pop-up windows** option is not checked. Unchecking this option will allow pop-ups.
2. To block pop-ups once again, check **Block pop-up windows** in the Safari menu. You can use a keyboard shortcut: shift-[command key]-K.

**Safari 6.x/7.x**

1. From the Safari menu, choose **Preferences...** and click the **Security** tab.
2. Ensure the **Block pop-up windows** option is not checked. Unchecking this option will allow pop-ups.
3. To block pop-ups once again, check the **Block pop-up windows** checkbox.

### Chrome 38.x (Windows/OS X)

1. Open Chrome
2. Click the 3 Bar Icon on the browser toolbar (upper right hand corner).
3. Select **Settings**.
4. Click **Show advanced settings**. This is at the bottom of the page.
5. In the Privacy section, click **Content settings**. The Content settings window appears.
6. Scroll down to the Pop-ups section, select **Allow all sites to show pop-ups**.
7. Close any remaining dialog boxes.

**Firefox .current (Windows/OS X)**

1. Open Firefox
2. Select **Options...** from the Tools menu (Windows) or **Preferences...** from the Firefox menu (OS X). The Options (Windows) or variable (OS X) dialog box opens.
3. In the top panel of the dialog box, click on the Content icon to display the Content dialog box.
4. In the Content dialog box, ensure the **Block pop-up windows** checkbox is not selected, and then click OK.
5. Close any remaining dialog boxes.

**Internet Explorer 8.0 (Windows 7)**

1. Open Internet Explorer
2. From the Tools menu, select Pop-up Blocker → **Turn off the Pop up Blocker**
   1. If the Tools menu does not display on your computer (upper LHS of the page), right click with your mouse to display the command options, and select the Menu Bar.

**I-Pad (Safari 8.1)**

1. Go to Settings.
2. Select the Safari Icon from the Settings Menu
3. Turn off the Block Pop-ups button

If you need additional support with the Pop Up Blocker feature for your web browser please contact the St. Norbert College Information Technology Services support desk:
