Academic Honors

Students who have *Cum Laude*, *Magna Cum Laude* or *Summa Cum Laude* after their names have attained a specific grade-point average (GPA) during their education at St. Norbert College. The honors are calculated on grades earned through January, with final honors determined after all grades for the current semester have been entered on students' records. This average is computed from all courses taken at St. Norbert College. The designation with accompanying GPA shows the high academic standards students have attained:

CUM LAUDE	3.50-3.74
MAGNA CUM LAUDE	3.75-3.89
SUMMA CUM LAUDE	3.90-4.00

Honors Program

The St. Norbert Honors Program is a selective program that provides highly motivated, intellectually curious and creative students with a college experience that challenges them academically and engages them in a diverse and dynamic intellectual community. Students who graduate from the Honors Program have demonstrated the ability to approach complex issues through the application of reason and critical thinking, as well as the ability to clearly and effectively communicate their analyses. They have successfully completed all honors courses and project requirements, have maintained a cumulative grade-point average of 3.5 or above, and have modeled academic integrity.

Honors students are challenged personally as well as academically: They are expected to actively engage with the Catholic, Norbertine mission of the college and the ideal of *communio* by treating all members of the community with respect, being conscious of and attentive to the needs of the greater community, and pursuing a life that includes service to others.

Symbolism of the Sculpture of St. Norbert

Norbert of Xanten was born on the German-Dutch border in the Castle of Gennepe c. 1075. His father was the count of Gennepe, and his mother was a cousin of Emperor Henry IV.

After serving in the courts of the archbishop of Cologne and of the emperor, St. Norbert decided to undertake a life of poverty and simplicity. After years as an itinerant preacher, he settled in the valley of Prémontré, France, and founded the Premonstratensian order in 1120. In 1126, he was chosen as archbishop of Magdeburg.

The sculpture captures St. Norbert as a young itinerant preacher. The Norbertine scapular stole and cincture identify the order that he founded. Holding his walking stick in one hand, he impulsively plucks a living branch and forms a cross that is symbolic of the renewing of the church he seeks. With the cross as a focus, he strides up an inclined path that faces off the campus toward the outside community.

St. Norbert models for all ages selfless sharing and reaching out to all others with love. Following his lead, graduates are encouraged to take their knowledge, service and leadership gifts out into the world.

The bronze sculpture was designed and handcrafted by Paul T. Granlund, sculptor-in-residence at Gustavus Adolphus College in St. Peter, Minn. Mary and Norman Watermolen '47 under-wrote the project with assistance from the St. Norbert College Centennial Class of 1998.

Seal of the President of St. Norbert College

The seal symbolizes the responsibilities of the president to provide leadership to the academic community, to ensure the continuation of the tradition and heritage of the college, and to represent the college to other constituencies.

The circle connotes responsibility, as there is an encompassment and integration of what is within. The square symbolizes the academic community: administration, faculty, student body and alumni.

The crest in the center symbolizes the heritage of the college. The cross extensions suggest the emanation of Christian values. All are within the outer circle, within the aegis of the president.

The disc on the reverse side is a suitable location for the names of the college's presidents. The metal has been hand-wrought. The wood is ebony.

This presidential medallion was designed and sculpted by Paul A. Cavanagh, Greenville, R.I., in 1983.

Brigadier General Jill A. Lannan '85

St. Norbert College is privileged to award Brig. Gen. Jill A. Lannan '85 an honorary Doctor of Laws for her extraordinary professional accomplishments and service to the United States military.

Lannan earned her bachelor's degree in both French and Spanish from St. Norbert College in 1985. Immediately following her graduation, she was commissioned into the U.S. Army as a second lieutenant and a distinguished graduate of the Reserve Officers Training Corps.

For more than three decades, she has served the nation in a broad range of key military assignments with continually increasing responsibility, most recently serving at the highest level of the U.S. Air Force.

During her seven years on active duty with the Army, from 1985 to 1992, Lannan was trained as, and served as, a military intelligence officer. Notably, her assignments included “muddy boots” duty with the 25th Infantry Division in Hawaii and the 9th Infantry Division at Fort Lewis, Wash., where she led soldiers trained for rapid deployment to hot spots worldwide. Based on her outstanding leadership in these challenging tactical positions, she was assigned as intelligence operations officer at the 1st U.S. Corps with responsibility for informing leaders about the enemy, weather and terrain in potential areas of conflict.

In 1993, Lannan joined the Washington Air National Guard, where she served in key field-grade officer assignments including detachment commander, squadron commander, group commander, vice wing commander, wing commander and chief of staff. Her responsibilities ranged from intelligence and information warfare to mission support. Her duty performance as a colonel commanding the Air Force's 194th Wing involved providing mission-ready airmen to conduct cyberspace operations, air support operations, mission support and medical support during a period of multiple operational deployments.

Following promotion to flag rank in 2015, Lannan was appointed as Air National Guard assistant to the commander, 24th Air Force. Members of the 24th Air Force are responsible for building, extending, operating and defending the Air Force portion of the Department of Defense global network. In this capacity, she ensured combatant commanders received trained and ready forces for cyberspace operations.

Since September 2018, Lannan has served as a senior executive in the office of the secretary of the Air Force with responsibility to drive and enable rapid enterprise IT transformation and cybersecurity reform. As deputy chief information officer, she focuses on enterprise information technology, including governance, standards, interoperability and cybersecurity.

She has received numerous military awards and decorations including the Legion of Merit with oak leaf cluster, Meritorious Service Medal with six oak leaf clusters, Air Force Commendation Medal with oak leaf cluster and Army Commendation Medal. These awards recognized her exceptionally meritorious conduct in the performance of outstanding services and achievements.

Lannan has embodied the St. Norbert College tradition of lifelong learning. Following her graduation from St. Norbert in 1985, she continued her education, earning her Washington State teaching certification in French/Spanish from St. Martin's University in 1993. She also completed the Squadron Officer School, Air Command and Staff College, and Air War College.

For her outstanding accomplishments and service to the United States Armed Forces, St. Norbert College confers upon Brig. Gen. Jill A. Lannan the degree of Doctor of Laws, *honoris causa*, with all its rights and privileges.
