

Mileage Reimbursement Rate

| Effective Date | Rate |
|-----------------|----------------|
| January 1, 2022 | 58.5¢ per mile |
| January 1, 2021 | 56¢ per mile |

The college will reimburse employees for business use of personal vehicles at the current college rate. The reimbursement includes fuel, therefore, the employee must pay for fuel “out-of-pocket” for personally owned vehicles and may not charge it on a college credit card. The current college rate also applies to any non-employees for whom the college may approve a mileage reimbursement.

Please direct any questions to the Controller.
