2019 – 2020 Student Confirmation of Taxable Grant/Scholarship Aid

Student Name

Student ID Number

Please verify your taxable student grant/scholarship aid **reported to the IRS and included in your 2017 adjusted gross income.**

Please consider your response. This worksheet asks for grant/scholarship aid that was reported as taxable income on your 2017 federal income tax return. Grant/scholarship aid is only required to be reported as taxable income if the amount received **exceeds** the cost of tuition, fees, and course related expenses such as books and supplies. Many grants and scholarships are tax free provided they meet criteria established by the IRS – **do not report such tax free grants and scholarships.**

Many families report a dollar figure for this question in **error**. The purpose of this form is to confirm whether you received grant/scholarship aid in 2017 in excess and **were required to report it as taxable income.**

Please check one of the boxes below.

QUESTION # 4 4 D :

- Please attach a copy of page one of your 1040, 1040A, or 1040EZ supporting this fact.
- I did not receive grant/scholarship aid that I was required to report as taxable income on my federal tax return. Please update this question on my FAFSA to \$0.
