A health insurance plan specifically designed for students of Colleges and Universities in the Wisconsin Association of Independent Colleges and Universities (WAICU)

Hard Waiver Plan

Affordable Health Insurance Designed Specially for You

As a college student, health insurance is probably the last thing on your mind. But not having health coverage when you need it is something that could cost you big money. That's why the Wisconsin Association of Independent Colleges and Universities (WAICU) has teamed up with WPS Health Insurance to offer convenient, individual, Affordable Care Act (ACA) compliant, student plans that will give you the protection you need. Check out the rest of this brochure for more information.

Who is WPS?

WPS is a not-for-profit corporation providing quality health care coverage to the residents of Wisconsin since 1946. WPS has been recognized as one of the world's most ethical companies years by the International Ethisphere® Institute. WPS stands ready to serve you with dependable coverage, expert service, and values you can count on. Call 1-800-221-5573 to talk with a friendly representative today.

Am I eligible?

All full-time domestic students, as defined by the college or university, are required to purchase this plan unless proof of other comparable coverage is provided. Once enrolled, you must actively attend classes for at least 31 days after coverage begins or you will become ineligible and lose your coverage. Participation in home study, correspondence, Internet, and television courses is not considered active class attendance. (See policy for details.)

Your dependents are also eligible for this coverage. Dependents include spouses, domestic partners, and eligible children. Coverage for dependents can only be continued as long as you remain an eligible student.

What doctors can I see?

All services you receive at your Student Health Center are covered at 100% at no additional cost to you.

For services you receive outside the Student Health Center, you are free to see any doctor you choose. This plan uses a two-tier provider system, meaning that you will pay different deductible or coinsurance amounts depending on which tier your provider is in.

Tier 1 providers are all of the providers in our Statewide coverage network (See www.wpsic.com for details).

All other providers are considered Tier 2. Services obtained from a Tier 2 provider are covered, however, you would pay a higher portion from your own pocket for these services. (See policy for details).

What does the policy cover?

Please refer to the next several pages of this brochure.

High Deductible Health Plan Option: Under this option, almost all health care services, outside of your Student Health Center, are subject to deductible. Certain services, such as preventative visits, are paid at 100% and not subject to deductible (see policy for details).

\$0 Deductible Health Plan Option: This option does not have an up-front deductible for services received at a Tier 1 provider. Instead, with the exception of physician office visits and certain preventative services, WPS will provide benefits at 80% and you pay the remaining 20%, up to the policy year maximum.

For drug tier information, see benefit chart for details.

In order to enroll in this additional coverage, you must submit an enrollment application, with the appropriate premium, by September 30 for fall enrollees and February 28 for spring enrollees. See www.wpsic.com/waicu for the application and rates.

Does the plan include any online health tools?

The WPS Health Center (www.wpsic.com/healthcenter) connects you with powerful resources designed to help you make good health decisions. As a WPS member, you will also have access to HealthSense Rewards™, a free program that provides discounted access to a variety of health clubs and other wellness services.
