

Create Web Profile

(Step 8 of 14)

All students will need to have a web profile to participate in housing room selection (choose your housing for next year).

Your housing web profile is your way to tell other students who you are and helps match you up with prospective roommates. You can back to this page at any time to update your profile. Your web profile most likely will be the first impression a potential roommate has of you. We encourage you to provide a positive impression with both your profile name and your description.

Example Descriptions:

I'm a person who enjoys sports, computer games and likes a very clean room. I also like comedy movies.

I like to go bed between 11:00 p.m. and 1:00 a.m. and wake up between 9:00 a.m. and 10:00 a.m. I anticipate doing most of my homework in my room and will be on campus most weekends.

I'm a social butterfly and like to have friends over often. I plan to do my homework in the library. I have a weekend job and plat to be gone every other weekend.

We recommend that you update your Facebook and other social media profiles as well, since these are ways that potential roommates will gather information about you.

All students must check the box below to select roommates.

Roommate Selection/Roommate Search - Whether you already know who you want to room with or if you need to search for a roommate

You must check this box to be able to select or search for roommate(s)

Roommate Search Name - Required

Please use your MySNC login id - the one that starts with the first four letters of your last name

Description

Enter a description about yourself to show to potential roommates (see examples above)
