

ST. NORBERT COLLEGE **NEW EMPLOYEE CAMPUS TOUR SCRIPT**

GENERAL INFORMATION

Founded

- October 1898 by Abbot Bernard Pennings as a school to prepare men for the priesthood.

Type

- Coeducation since 1952
- Catholic
- Norbertine Order of priests and brothers
- Private
- Nonprofit corporation
- Residential
- Liberal arts and sciences with more than 80 programs of study

Enrollment

- Approx. 1,900 undergraduate students
- 3 Master's Programs

Environment Conducive to Learning

- Student-to-faculty ratio: 12:1
- Four-year graduation guarantee

Community Life

- Students from 27 states and 11 foreign countries
- Service and leadership activities
- Over 100 student organizations
- 23 men's and women's NCAA Division III sports including nationally ranked hockey, football and basketball teams
- Year-round intramural programs
- 81 buildings on 112 acres
- 16 residence halls and off-campus housing
- Students living on campus: 97 percent
- 27 participating countries for study abroad
- 140 full-time and 64 part-time faculty, 638 total employees (faculty and staff)

Degrees Available (3 most popular majors are Business, Biology and Education)

- Bachelor of Arts
- Bachelor of Science
- Bachelor of Music
- Bachelor of Business Administration
- Master of Arts in Liberal Studies
- Master of Theological Studies
- Master of Business Administration

Financial Aid

- Students receiving financial aid including loans and work: 97 percent

Reviews

- “The Best in the Midwest” by the Princeton Review for 2023
- “America’s Best Colleges” since 1991 by U.S. News & World Report
- “Honor Roll for Character-Building Colleges” by The John Templeton Foundation

Accreditation

- St. Norbert College is accredited by the Higher Learning Commission, a regional accreditation agency recognized by the U.S. Department of Education.

Norbertine Tradition

St. Norbert College was founded by the Norbertine Order of Catholic Priests in 1898. We’re unique as we’re the only Norbertine College in the World. SNC’s Norbertine ideals encourage us as students to respond individually and collectively to the needs of our local and global communities. You might notice banners around campus that challenge us to change ourselves, change our community and change our world for the better through education and service. 80% of our student body engages in volunteer work on a regular basis.

Academic Distinction

SNC’s liberal arts tradition helps our students to understand diverse cultures, perspectives, collaborate, solve problems, and communicate to seek understanding. What sets us apart is our combination of living and learning on this campus and having students partner with our faculty on graduate-level research projects as early as their first year. SNC’s education is both rigorous and rewarding. We make sure students have a deeply personal academic experience that is going to prepare them for the many different careers in their lifetimes. They say that today’s graduates will have 7 careers. We help ensure they have the foundation to be ready to ethically lead no matter what they choose to do.

Buildings and Offices to mention during the tour:

Main Hall

- Main Hall has served as the hub of the college since its dedication in 1903. It is the “original St. Norbert College.”
- With the exception of Old. St. Joseph Church, Main Hall is the oldest building on campus (construction began in the Fall of 1901).
- Until 1917, Main Hall was the college; containing classrooms, dormitories for students and Norbertine prefects, a dining room, library, and an auditorium.
- Two major re-models of the building were completed in 1956 and the late 1980’s.
- Main Hall was named to the National Register of Historic Places in 1989 by the U.S. Secretary of the Interior on the basis of its age, architectural significance and its importance to the history of the community and higher education.
- Today, you will find the President’s office (first floor), Human Resources, Title IX and Institutional Effectiveness (lower level), Business and Finance, Academic Affairs and Student Affairs (2nd floor) and Advancement (3rd floor).
- The ninth president of the college started in the summer of 2023. **Laurie Joyner** is the first female president of St. Norbert College. She has come to us from Saint Xavier College in Chicago.

Ray Van Den Heuvel Family Campus Center

- Along with Michels Commons, the Campus Center is the other major hub for student life

at SNC.

- Houses the mail center and student mailboxes and Phil's (1st floor), a recreation gym and the ROTC program (2nd floor), the Center for Student Engagement, Office of Student Inclusion and Belonging and the Reflection Lounge (3rd floor).
- There is also a dock area out back on the river which is a great place to relax. Many different events are held here including the "Knights on the Fox" music concerts in the summer.
- Phil's is located in the Campus Center. It is our on-campus spot for subs, salads, sushi and other short order grill items. It also has a small convenience store.

Burke Hall

- Built in 1942, Burke was the first structure built exclusively for student housing
- Burke Hall is named for the second president of St. Norbert College, Fr. Burke.
- The four-story coeducational hall was recently remodeled and houses sophomore, junior and senior students.

Sensenbrenner Hall

- Built in 1956 (the second residence hall built on campus), Sensenbrenner is a first-year residence hall.
- Sensenbrenner also houses the St. Norbert Children's Center, for children of SNC staff, faculty and community members, as well as a chapel on the first floor.
- Vince Lombardi attended and served mass at the chapel here during the early years of the Packers training camp at SNC. The Blessed Sacrament Chapel is located downstairs.

Townhouses and Carriage House

- St. Norbert College offers junior and senior students the option of living in townhouses and carriage house apartments.

Victor McCormick Hall (VMC)

- Victor McCormick Hall was dedicated on September 7, 1963 as Wilten Hall. This name, though temporary, was taken from Wilten Abbey in Innsbruck, Austria. The first Norbertine missionary to come to WI came from Wilten Abbey in 1843.
- In 1965 the hall received its new name--Victor McCormick Hall--in recognition of the numerous major gifts to St. Norbert College and the Norbertine Order from Mr. Victor McCormick, a prominent Green Bay attorney.
- VMC is a sophomore living option.
- The building structure is unlike any other building on campus because it has a courtyard in the middle.
- The Packers used VMC for their training camp prior to COVID-19.

Mulva Family Fitness and Sports Center

- Our Mulva Family Fitness & Sports Center, home of St. Norbert's basketball and volleyball teams underwent a \$26-million expansion and renovation which was completed in May 2017 which includes a new swimming pool and state-of-the-art fitness center.
- The 129,400 sq. ft. building includes new administrative offices for the athletics staff and health services. Its arena provides a capacity of 2,500 for sporting events. It includes a collegiate basketball court, an indoor track, four volleyball courts and four intramural basketball courts.

- Intramural sports are available for students wanting to remain active in sports but do not have time to commit to varsity athletics.
- St. Norbert College participates in 20 varsity sports and 1 JV program (JV Hockey).
- St. Norbert has won 69 conference championships since joining the MWC in 1983 and has won 10 league titles since joining the NCHA in 1994.
- All games, except hockey, are free to students, faculty and staff when they show their IDs.
- St. Norbert is a **Division III** school, and therefore does not offer athletic scholarships.
- Green Knights hockey team plays games at the Cornerstone Community Center with 2000 spectator seats. The building is located on the corner of Fernando Drive and Packerland Drive (West De Pere).
- The fitness center can be used by faculty and staff by swiping your ID card.
- The pool is used a lot by the swim and dive team, but there are open swim hours as well.

Health Services (Second Level)

- The Health Center is available for students, faculty and staff from 8am until 4:30pm, Monday through Friday.
- Initial health assessments and some basic diagnostic testing, such as strep and mono, can be done here.
- The services of the Registered Nurse are included in the health fee, however, there are charges for lab work, immunizations, the Nurse Practitioner, and prescription medicines.
- Most recently, massage services have been added to the clinic offerings.

Counseling and Psychological Services: (Second Level)

- The Counseling Center provides a variety of psychological counseling services for students.
- Staff members are qualified to assist students with issues associated with academic, personal, family, or interpersonal difficulties.
- Student conversations with counselors are confidential and services are free to students.
- Students visit the office with a wide range of concerns such as stress, relationship problems, and pressures of academic life.

Gries Hall

- Three story building – 59,000 square feet.
- First-floor common area, second-floor fitness center/laundry room/study area, and third-floor reflection area.
- 36 apartments containing 4 residents in single-occupancy bedrooms (144 students).

Michels Hall

- Three story, coeducational hall.
- 14 suite style rooms containing 8 residents in each room.
- Each suite engages in service projects through a local community partner. Michels Hall is the only hall with a unique group service project.
- The Chapel of Norbertine Saints is located on the first floor where private reflection throughout the week is encouraged.

Donald J. Schneider Stadium (point in the direction)

- The 2,454-seat facility houses the Green Knights in football, men's and women's soccer and men's and women's outdoor track and field.

- The stadium complex is named after major donor Don Schneider, a 1957 graduate of St. Norbert College. Schneider was the CEO of Schneider National Inc., one of the nation's largest transportation and logistics companies. He was also a former member of the college's Board of Trustees and was also an adjunct professor at the College during the 1960s.
- The playing field within the stadium is named in honor of Howard "Chick" Kolstad, St. Norbert's football coach from 1960 to 1978. Immensely respected as a coach and person, Kolstad's 19 years produced a 96-76-5 record mainly against scholarship-level opponents. A fierce competitor who once proclaimed he would schedule Notre Dame if the Irish would agree to it, he had 12 winning seasons and two others at .500.
- About the Schnedier Stadium:
 - It is the practice and competition venue for football, soccer and track and field
 - 400-meter track; with an all-weather surface, appropriate areas to conduct all field events
 - Field turf for football and soccer competition
 - Press box with 34 spaces for journalists, coaches and game administration staff
 - Ticket and information booths; paved parking lot with capacity for 500 cars
 - A locker room building with lockers and showers to accommodate more than 200 home and visiting athletes

Mulva Library

- The library is named after Miriam B. and James J. Mulva.
- This library was a \$20 million project and it is the academic hub of our campus.
- Smart classrooms, group study rooms, a reflection lounge, the Writing Center and the Mulva Studio (includes private and public collaborative spaces, as well as private and public solitary places for creation and reflection) can be found in this building.
- The famous statue of Abbot Pennings is also in the library (1st floor) as well as the Center for Norbertine studies (2nd floor).
- Ed's Coffee Shop is located on the 1st floor of the library and here you will find drinks like coffee, hot chocolate, smoothies and shakes, and snacks such as pizza, sandwiches, and bagels.
- The Office of Academic Success, Support and Accessibility is on the 3rd floor of the library. They provide students with free tutoring for any subject(s) that you may be struggling with and provide services to students with disabilities and assistance with learning skills.
- The library serves the public as well as the SNC community.
- An extensive collection of CDs, DVDs, records, audio tapes and VHS tapes (both educational and entertainment) can be requested at the circulation desk.
- They also offer an interlibrary loans system so that we can get resources from other libraries if they are not provided.

The Ariens Family Welcome Center

- The Ariens Family Welcome Center houses the college's enrollment and communications teams.
- The latest construction on the welcome center began in March 2011 and doubled the size of the pre-existing admission facility with a new reception rotunda, presentation room, gallery and offices. The dedication of the building took place in Sept. 2011. It was made possible through the generosity of Michael and Mimi Ariens.
- Within the Welcome Center, the new Office of Communications has been created through a gift from Ed and the late Sally Thompson.
- The building also houses the Roland and Helen Murphy Office of Admission and the existing Roland and Helen Murphy Admission and Visitor Center.

Please also point out the section of about 23 houses along 4th Street that are owned by the campus while walking on College Avenue.

Campus Safety and Parking Office

- Campus Safety operates 24-hours a day, seven days a week. It is comprised of full-time professional officers and part-time student assistants.
- The Alertus system allows administrators to contact everyone on campus quickly through multiple technologies. In case of an emergency, such as weather alerts, building concerns, or overall campus safety concerns, notifications will be sent out via cell phone, text message, e-mail, on-campus monitors and a campus wide speaker system.

Cassandra Voss Center (CVC)

- The Cassandra Voss Center is a nationally recognized center for examining identity & inclusion, and is named for beloved SNC student Cassandra Voss, who had transformative conversations across differences with her father Kurt. Cassandra was on track to be the first student to graduate from SNC with a major in Women's and Gender Studies. She was a seeker of justice and a deeply driven person who united her community in conversation around issues of gender, race, sexuality, and more.
- After Cassandra tragically died in a car accident in 2007, Kurt raised funds to open the Cassandra Voss Center as a space that provides education and awareness about identity, gender and diversity among faculty, staff and students at SNC and beyond.
- The Cassandra Voss Center is housed in the renovated former St. John's Evangelical Lutheran Church, built in 1883. The \$2.7 million used to fund the building ranks among the largest-ever gift totals for gender programming at a college or university. The renovation preserves the building's historic nature while offering modern conveniences.
- The building includes study areas, a full kitchen, event and meeting space, offices, a library, a reflection room, and a tech-centered classroom.
- Each year, the center hosts engaging speakers and programs that are scholarship-driven, welcoming, innovative and fun - all serving the mission of transformative thinking for a just world.

Kress Inn

- The Kress Inn was named after George F. Kress, the founder of Green Bay Packaging Co.
- The Kress Inn is an all-suite hotel which houses 46 suites with complimentary continental breakfast served every morning.
- The Kress Inn has been an award winning hotel since 2004 as a part of the Ascend Hotel Collection by Choice Hotels.
- The Kress Inn also offers reduced rates to faculty, staff, students and the families of all.

Facilities Service Center/ Hugh Hall (on the S. corner of Grant and 4th Streets- point out)

Facilities Service Center-

- The department of facilities is responsible for the maintenance and care of more than 1.4 million square feet of campus buildings and 112 acres of land.

- The department of facilities is divided into the following units: office administration, project design, central supply and purchasing, mechanical systems, maintenance services, grounds/vehicles and housekeeping/refuse/recycling.

Hugh Hall-

- Located above the facilities service center, Hugh hall houses 32 residents who have junior or senior class standing.

Prémontré Hall / Xanten Hall

- Prémontré and Xanten are both three-story, residential apartment facilities and house approximately 150 total residents.

Birder Hall (on the N. corner of Grant and 4th Streets- point out)

- Birder Hall used to house the St. Boniface Church and later the SNC Bookstore.
- The building was renovated and dedicated in February 2013. The \$1.7 million project, supported by donors, converted the church into performance space, especially for music. It holds about 200 seats and is used for recitals, chamber concerts and public lectures. It is also used for Dudley Birder Chorale rehearsals. Much of the work involved installing professionally designed, custom-made acoustical materials for state-of-the-art sound quality.
- Dudley Birder joined the St. Norbert College music faculty in 1958, and for over five decades he developed and led musical initiatives that brought together the campus and local communities.

Bemis International Center

- This multi-million dollar resource center was completed in January of 1996.
- It serves the St. Norbert community with:
 - o a state-of-the-art language center
 - o two computer labs
 - o classrooms
 - o the 175-seat Fort Howard Theatre
 - o small group conference rooms
 - o numerous multi-purpose rooms (all wired for teleconferencing)
 - o a board room (3rd floor)
 - o and the Philip and Betsy Hendrickson Dining Room
- The building is connected to Austin E. Cofrin Hall by the only underground tunnel on campus.
- A few classes are taught in Bemis, but it mainly serves as a Center for Global Engagement (where all the college's international programs are housed), and event center for area businesses and organizations.
- The CGE supports students through English as a Second Language (ESL), International Student & Scholar Services (ISSS), International Student Recruiting, and Study Abroad and Off-Campus programs.
- On average, about 30% of SNC graduates study abroad or participate in an international experience. 33% of SNC's student body studies abroad every year.
- Roughly 3 percent of our student population includes international students from approximately 11 different countries. These students include full-time degree seeking students, exchange students, and students taking courses in our English as a Second Language (ESL) Institute.

- All of our international students are provided with legal and immigration assistance, as well as social and academic advisement by the International Students and Scholar Services Office.

Austin E. Cofrin Hall

- In April 1988, the Fort Howard Corporation and David Cofrin, son of the founder of Fort Howard, announced a naming gift of \$1.5M to the college for the construction of Cofrin Hall. The Fort Howard Foundation is a major philanthropic force in the community.
- Dedication for Cofrin hall took place on September 11, 1992.
- Classes such as business, finance, accounting, economics and computer science are taught here.
- Cofrin Hall consists of 10 classrooms, seminar rooms, four computer labs, two lecture halls, 30 faculty offices and some student workrooms.
- Information Technology Services is also housed on the 1st floor.
- The St. Norbert College Information Technology Services Department is responsible for networking, systems (servers), administrative computing, telecommunications, web development, hardware, software, audio-visual systems and Internet service.
 - They provide a wide range of services to staff at SNC.
 - o Computer support and training to the college community.
 - o All services *except computer repairs* are free to staff and faculty. There is a computer repair service; if you have a problem you can't fix yourself, you can bring your computer in and it will be fixed for a minimal cost (ranging from \$25- \$75) depending on the problem.
 - o Digital video cameras: free usage with reservation
 - o Photo prints up to 48 inches wide: cost of materials
 - o Multiple or single CD/DVD production: cost of materials
 - o Video editing machines: some free services, some with cost
 - o Laminating services: cost of materials
- The ITS Service Desk is designed to be a central point of contact for computing help on campus. They can be reached at extension 4040.
- The Center for Exceptional Leadership (the CEL) is on the 3rd floor. The CEL helps an organization's key leaders discover their strengths, discern their principles, and provide thoughtful, impactful leadership to their organizations.

The Conversion of St. Norbert Sculpture

- Norbert is now regarded as a principal figure in the reforms that swept the Catholic Church during the 11th and 12th centuries. But his early career was not marked by any reforming zeal -- quite the contrary. The son of a noble family, he used family influence to secure his first position at the parish church in Xanten. A lucrative appointment in the emperor's court was to follow.
- Then, one day around the year 1115, Norbert was riding from Xanten to a nearby village. A thunderbolt from a sudden storm struck at his horse's feet. The young cleric was thrown to the ground and lost consciousness. He awoke with a vision that led him to renounce his appointment at high court, give away his wealth and set out to preach peace, reconciliation and church reform. Within the next few years, his legacy would see hundreds of abbeys established from Ireland to the Holy Land. Norbert's ideal -- of a life lived in community for the common good -- continues to guide daily life on our campus.

Site of future "Donald and Patricia Schneider Family Hall"

- Construction for the Donald & Patricia Schneider Family Hall will begin in May 2024 and will be completed in time for fall classes in 2025.

- It will serve as the new home of the Donald J. Schneider School of Business and Economics and a hub for business education in northeast Wisconsin.
- The 45,000-square-foot, multi-use facility will be situated at the western end of the Claude Allouez bridge in De Pere and feature:
 - Classrooms and workspaces designed for contemporary learning
 - Space for executive education and conferencing opportunities
 - A connected terrace for gathering along the Fox River
- It will be home to the college's undergraduate and graduate business and economics programs, including data analytics and a new sports management program, as well as SNC's Center for Exceptional Leadership.
- The new building will be constructed on the former site of the college's Pennings Activity Center which was first established in 1923 as Nicolet High School.
- It was purchased in 1959 by the Norbertine Order to become Abbot Pennings High School.

Madelaine/Lorraine Hall

- Built in 1961, Mad/Lor is actually two halls connected by a large, carpeted lobby/chapel and a tunnel through the basement.
- Names relating to the Norbertine Order were given to the buildings. One was named Lorraine Hall because St. Norbert belonged to the nobility of Lorraine, a province of north-eastern France. The other was named Madelaine Hall in honor of Abbot Madelaine of Mondaye Abbey in northern France, a noted historian and the extraordinary confessor of St. Therese of Lisieux.
- Mad/Lor is one of the more popular living options for first-year students. The Madelaine side of the building houses men and the Lorraine side houses ladies.
- It was recently renovated during the summer of 2022.
- This hall houses one of four resident hall chapels.

Bergstrom Hall

- This three-story hall was completed in 1966 as a residence for only women students and was given the temporary name of Dorm III.
- On August 14, 1973, Dorm III was re-named Gertrude S. Bergstrom Hall in memory of Mrs. James Bergstrom, who died June 25, 1973. Over the years her gifts to the college amounted to nearly \$3M.
- Today it houses First-Year Honors Program participants.
- The Honors Program is designed to challenge students academically and also to engage them in a community of student-scholars.

Mary Minahan McCormick Hall (3M)

- Built in 1965, "3M" is the tallest building in De Pere with six floors!
- On August 6, 1965, Victor McCormick pledged a naming gift of \$500,000 toward this residence, and the building was named after his mother, Mary Minahan McCormick, a sister of Dr. John R. Minahan.
- It is home to half first-year and half sophomore students and is the most desirable housing option.

Shrine of Mary

- The Shrine of St. Mary is located just to the east of MMM Hall, and honors Mary, the Mother of God.
- A beautiful place in the gentler weather months, this spot is available for prayer or quiet reflection.

Gehl-Mulva Science Center

- The science building was built in 1967 as the result of a major fund-raising effort that began in 1959. The building's namesake, Dr. John R. Minahan, was a prominent Green Bay physician, surgeon, and civic leader.
- The new science center is named after lead donors Carol H. and Paul O. Gehl and Miriam B. and James J. Mulva.
- The 160,000-square-foot facility includes a complete renovation of the 50 year-old science building and a 57,800 sq. ft. addition. It features 45 laboratories for research and teaching; classrooms, a large lecture hall, small-group workrooms and informal collaborative spaces; a solar voltaic panel and other green technologies; a state-of-the-art greenhouse; a science gallery; and displays honoring the scientific contributions of Norbertines including noted biologist the Rev. Anselm Keefe, O.Praem.
- The Gehl-Mulva Science Center also houses the Medical College of Wisconsin's (MCW) Green Bay campus. The medical college includes classrooms, offices and some learning laboratories and also occupies 6,600 sq. ft. of dedicated space connected to the main building. The community medical education program admitted its first 25 students in July of 2015.
- There are many interesting architectural aspects incorporated into the 58,000 square foot addition. For example, there is a wall constructed entirely out of wood from trees that had to be cut down during the construction process. The grand window is a highlight of the new building because through it, you can see the steeple of the church. This is to show the long held intellectual belief by the church that faith and reason (or science and religion) are not in conflict. Instead, we believe that faith informs science and science informs our spiritual beliefs.

St. Joseph Hall

- It was here that Fr. Bernard Pennings taught I.F. Van Dyke that first Latin lesson on Oct. 10, 1898, and founded St. Norbert College.
- The building served as home to both the Norbertine fathers and St. Norbert College classes until the College moved into Main Hall in 1902.
- It would later become St. Norbert Abbey after Pennings was blessed as the first Norbertine Abbot in North America.
- In 1959, the St. Norbert Abbey was relocated to its present location east of the Fox River between Riverside Drive and Webster Avenue in De Pere.
- St. Joseph Hall opened in fall of 2016 as a newly renovated hall for students.
- Renovated from the Old Norbertine Priory, which served as a home for Norbertine priests who taught and worked at the college.
- St. Joe's Hall houses three floors of two-person suites (36 double rooms) with a total capacity of 72 students. Each suite contains its own private bathroom.
- The Catholic Student Center and Parish Offices are located in the front portion of St. Joseph Hall. This is a place for students to gather, pray, study, and attend programs.

Old St. Joe's Church

- When you walk in the back door of Old St. Joe's you will notice the Oratory/Blessed Sacrament Chapel off to the right. Here the Norbertine community gathers daily for

morning and evening prayer. Members of the College community are welcome to join them in prayer. In addition, the oratory can be used by student prayer groups and is available throughout the day or early evening for private prayer and meditation.

- The Church is the focal point of the college. In many ways it is the “heart” of St. Norbert College.
- The congregation is comprised of students, staff, and members of the community.
- The two photographs of the Church in the gathering area date to **1898** when the diocese sold the church to the Norbertine Fathers and **1969** after the first renovation since the church was deeded to the Norbertines. These now hang in the Parlor across from the Church.
- A major renovation in 1999 included the addition of the gathering space, kitchen and bathrooms.
- The church is open to anyone from 6am to 11pm.
- Masses are at 10am every Sunday and at 7pm on Sundays during the school year.
- Weekday masses are held during the school year, Monday - Friday at Noon. Mass is also held in the residence hall chapels throughout the week. Eucharistic Adoration and Marian Devotions are also held throughout the week.
- St. Norbert also observes Morning Prayer, each Monday during the academic-year from 8:05 am - 8:20 am at Old St. Joseph’s Church.
- The National Shrine of St. Joseph is also located in Old. St. Joe’s church.

Boyle Hall

- Begun in 1915, the building was dedicated August 19, 1917.
- Boyle Hall was a gift of Mr. Henry Boyle of Fond du Lac, WI, a prominent manufacturer of yeast. The hall was named after Mr. and Mrs. Boyle’s son, Francis, in gratitude of the attention given him as a student at St. Norbert College.
- Boyle Hall contains several small classrooms, one larger classroom, the education offices and also contains offices for faculty in the humanities (i.e. English, philosophy, theology, religion, foreign language and history departments). Education offices are located on the second floor. All other professor offices are located on the third and fourth floors.
- There is a picture of JFK walking outside of Boyle Hall (hanging in the President’s Suite at the Kress Inn) with Fr. Burke when he visited the SNC campus in 1960.

Shakespeare Garden and Norbert of Xanten Sculpture

Shakespeare Garden

- The Shakespeare Garden was donated by the Monday Shakespeare Club of Green Bay/De Pere. The gift was made in the memory of Mrs. Crane (Mary) Murphy, president of the Monday Shakespeare Club.
- A Shakespeare garden is a themed garden that cultivates plants mentioned in the works of William Shakespeare.

Norbert of Xanten Sculpture

- The bronze statue of St. Norbert was commissioned in 1998 (for the college’s centennial celebration) from the late Paul Granlund who was artist in residence at Gustavus Adolphus College in Minnesota.
- The statue was dedicated on June 12, 1999 with Mr. Granlund in attendance.
- The piece is 7’3” tall and weighs approximately 600 pounds.
- St. Norbert, founder of the Norbertine Order, was born to a noble German family.
- After his ordination to the priesthood in 1115, he sold his estate and gave his money to the poor.
- He later established eight abbeys and two convents.

- In 1126, he was chosen as archbishop of Magdeburg, where he remained until his death on June 6, 1134.
- St. Norbert emphasized the development of community, which is what the college still represents and emphasizes today.
- Norbert is depicted as an energetic man and fearless preacher of God's Word.
- Bearing the branch of peace and the staff of leadership, St. Norbert models selfless sharing and reaching out to others with love that is to exemplify our lives.

Todd Wehr Hall

- Originally opened in 1967 as Dorm IV, the building served the College as a residence hall for 10 years.
- The building was remodeled and converted into the Todd Wehr Library in 1978.
- The naming gift of \$500,000 was made by the Todd Wehr Foundation in memory of its founder, C. Frederic (Todd) Wehr, a noted Milwaukee industrialist and a friend of higher education.
- The Todd Wehr building has recently become our "old library," and was newly renovated to serve as a student service center.
- The building now includes the following:
 - 1st floor: Career and Professional Development and Academic Advising, Registrar's office, Financial Aid, the Bookstore, Discoveries International (a student-run store featuring unique items from around the world), Reflection Lounge.
 - 2nd floor: Accounting Services, Student Account Services, Emmaus Center for Spiritual Life and Vocation and the Sturzl Center for Community Service and Learning.
 - 3rd floor: Residential Education and Housing, Student Judicial Affairs and the Heritage Conference room.

Registrar's Office (1st floor)

- The staff is available to ensure that each student is on track to graduate within four years and also help students transfer any credits they might have from high school.

Financial Aid: (1st floor)

- Helps families and students make their education here at SNC as affordable as possible by providing information to scholarships, help with the FAFSA, and more.
- **97%** of students receive financial aid.

Career and Professional Development and Academic Advising: (1st floor)

- Offers support whether students need assistance choosing a major or minor, finding a great internship, or looking for work that aligns with their passions and interests. They also help students review their resumés, learn how to create a cover letter and prepare for interviews.
- They also handle student employment. Many of our students work on campus.
- Advising is another component of this space. During the summer before students' first year on campus, each student is assigned an advisor. They meet with their advisor each semester to help them throughout their 4 years at SNC.

Emmaus Center for Spiritual Life and Vocation: (2nd floor)

- They serve all the spiritual needs of students with a variety of religious backgrounds and beliefs.

- While many of the Parish offerings focus on Catholicism, the Emmaus Center also offers gatherings and programs that appeal to anyone interested in asking important questions about life, spirituality, and values. Those programs include: retreats, speaker series, service trips, small group experiences, Bible studies, vocation discernment groups, and a residence hall community building program called 'Alive.'

The Sturzl Center for Community Service and Learning (2nd floor)

- Coordinates many of the service opportunities for students to work with community partners, such as the Residential Service Program and CENG (Community-Engaged Service-Learning) courses.
- The Sturzl and Emmaus Centers partner to offer the TRIPS program, which sends students on weeklong service trips over winter and spring break, and also Scholars for Community Engaged Vocation.

Residential Education and Housing office (3rd floor)

- St. Norbert College is a four year residential campus; which means students live on campus for all four years. This residency requirement is a significant force in creating an active and engaged campus community. It also leads to the sense of community that we're so proud of here.
- Various living options become available to students as they spend their time here at SNC like college owned houses, apartments, townhomes, etc.

Abbot Pennings Hall of Fine Arts

- Abbot Pennings Hall of Fine Arts was dedicated June 3, 1956, in memory of the founder of St. Norbert College. Abbot Bernard Pennings had served as the president of the college from October 10, 1898 until the day of his death March 17, 1955.
- The Hall of Fine Arts houses the Music and Theatre Departments.
- There are rehearsal facilities, practice rooms, and two theaters:
 - o The Neil and Mary **Webb Theatre**, which seats 185 people around a thrust stage.
 - The Webb Theatre was named in honor of the College's fourth president and his wife who died in a tragic plane crash on December 7, 1987.
 - o The Byron L. **Walter Theatre**, which is a traditional proscenium stage seating more than 750.
 - The Walter Theatre is a legacy of Byron L. Walter, partner in Green Bay Hardware and co-founder of Paper Converting Machine Company of Green Bay.
- The theatres host more than 250 events each year, including SNC Theatre productions, music concerts and recitals, lectures, and conferences.
- First Lady Michelle Obama spoke at the Walter Theater when she visited Green Bay in February of 2008.
- The theatre department also produces six plays during the academic year and one or two musicals in the summer months.

Carol and Robert Bush Art Center

- The Carol and Robert Bush Art Center is the home of the St. Norbert Art Department. Carol and Robert Bush were great philanthropists, inventing the diaper genie ©
- The building is used primarily by the art and graphic design majors.

- The building houses the latest technology in the lecture hall, studios and professors' offices.
- The basement is used for photography as well as 3-dimensional art which includes sculpture, pottery, and woodworking.
- The second floor hosts the Graphics Lab with Mac computers. It also includes printmaking, painting and drawing.
- The three galleries on the main floor are used both for student and faculty display, the College's collection and traveling exhibitions.

Michels Commons

- Michels Commons was recently renovated in January 2012 and houses the main dining services on campus including Ruth's Marketplace and Dale's Sports Lounge.
- Ruth's Marketplace – named in honor of Ruth Michels is a marketplace-style food court featuring unique meal stations: international station (Fusion), pizza/pasta sauté (That's A'more), grill/homestyle (The Grill), salad/fresh fruit bar, deli bar (3rd Street Deli), Wellness Works and Allergen Friendly Fare.
- Ruth's is open Monday - Friday from 7:30 a.m. to 7:00 p.m. and on the weekends for brunch from 9:30 a.m. - 1:30 p.m.
- Dale's Sports Lounge – named after the late Dale Michels – is used for additional meal plan seating and is open during non-meal time hours as an informal gathering space. Dale's has a unique look and feel to include plenty of TVs and other amenities.
 - o Dale's serves appetizer-style entrees including chicken wings, chips & queso, potato skins, toasted ravioli and more!
 - o They are open Monday through Thursday 7:30pm - 11:30 pm and Saturdays and Sundays from 5:00 p.m. - 9:00 p.m.
- The lounge on the second floor is the site of many speakers, dinners, receptions and College meetings.

Dining Services:

- Offers a variety of meal plans for resident and non-resident students, staff and faculty.
- Full-time staff and faculty receive 1 free meal a semester and discounted meal blocks.
- Menus are available online along with the nutrition information of the dishes being served.

The Norman Miller Center for Peace, Justice and Understanding: (1st floor)

- The Norman Miller Center was established in 1998.
- The Center conducts a wide variety of co-curricular programs, sponsoring speakers, films, and other public events. They help students learn political advocacy, lead voter registration campaigns, and creatively support the common good locally and globally.

Campus Card and Information Services: (1st floor)

- Campus Card Services provides services such as SNC ID cards and meal plan sign-up.

Digital Print Center: (Lower level)

- The Digital Print Center is a full-line copy service department that is for students, departmental and personal use.

- They provide almost all the services that a place like Kinko's would, but are considerably less expensive.
- From black & white and color copies, laminating, and bookbinding to T-shirts and gift items- you will find the Print Center to be a real value.
