

St. Norbert College

Student Government Association

Meeting of the General Assembly
President Oliver Dressel

Call to Order by Executive Board President (8:00)

Land Acknowledge [Statement](#) (Guest Speaker - Ruthie Tucker)

Guest Speaker: Sarah Olejniczak, Title IX and Compliance Coordinator

- Significant changes and overhaul to St. Norbert College's procedures. New compliances to meet the new federal laws.
- Expand the number of people who were involved with the Title IX process through training.
 - Corday Goddard, a deputy coordinator who was trained, serves as an example
- Definition/Jurisdiction/Grievances → all summarized on a new document describing the approach of St. Norbert College. We currently have an interim policy due to concern at the national level. We as a campus need to be in continued conversation regarding our policy and procedures. We have built our policy to be compliant with current Title IX policies as well as old policies that are still relevant for our campus.
- We, as a campus, take a stand against gender and sex-based discrimination in our community.
- VAWA Grant (through the Department of Justice)
 - Requires a whole community of support to promote change and provide feedback
 - Meredith Hansen
- Questions for Ms. Olejniczak
 - Oliver: Would it be beneficial to create a task force within our organization to help with the initiative?
 - Kylie: Title IX working group is a great place to get involved outside of SGA. Collaboration between faculty, staff, and students. Provides an awesome leadership position.
- Attendance taken through the participant pane in Zoom settings
 - Members absent:
 - None absent
