

Frequently Asked Questions About our Required Courses

Q1 Why do I have to take a course on sexual harassment or alcohol awareness if I don't have personal concerns?

In addition to compliance with federal and state related regulations with Title IX, St. Norbert College strives to create a safe, welcoming and productive environment. These online trainings are used nationally and are designed to cover essential knowledge on Title IX regulations, sexual assault prevention, and other important college campus topics. They also provide a guide on responding to incidents, understanding reporting options, and supporting survivors of sexual misconduct.

Q2: Can I fail a course?
